Career Objective

As an accomplished architect and interior designer, my mission is to transform spaces into harmonious environments that seamlessly blend functionality, aesthetics, and sustainability. With a keen eye for detail and a passion for innovative design, I aspire to create captivating interiors that enhance the quality of life for occupants. My objective is to collaborate with diverse teams, leveraging my expertise in spatial planning, material selection, and spatial psychology to craft spaces that evoke emotions, inspire creativity, and optimize functionality. Whether it's residential, commercial, or public projects, I am committed to pushing boundaries, embracing new technologies, and leaving a positive impact on the built environment.

Educational Qualification

- Completed ITI (Draughtsman Civil) from Delhi Government Institution in 2022
- Completed 12th (Science stream) from Haryana board in 2020

Working Experience

Junior Architect and Interior Designer, APS Group (January 2023- January2024)

- Assisted in designing and developing architectural projects from concepts to completion.
- Created 2D and 3D models using SketchUp and Blender.
- Collaborated with senior architects and designers to develop interior design schemes.
- Selected and specified materials, finishes, and furniture for projects
- Developed and presented design presentations to clients.
- Worked on residential and retail store renovation projects.

Skills

- Proficient in making 2D drawings as Plan Layout, Cross-Section and Elevations in Auto Cad.
- Proficient in making 3D models in SketchUp and Blender.
- 3D visualization, rendering and videography in SketchUp (V-ray) and Blender.
- Strong skills in making of architectural illustrations and mock-ups in Adobe Photoshop and Illustrator.
- Good understanding of building codes and regulations.
- Ability to work effectively in a team

Hobbies

- **3D Modelling** – Enjoy working on 3D models and create scale models of buildings and spaces, experimenting with different materials and techniques.
- **Photography** – Enjoy capturing spaces and architecture through photography, with an eye for lighting, composition and detail.
